ARTICLE 1 RECOGNITION

- 1.1(a) THE CANADIAN MEDIA PRODUCERS ASSOCIATION hereinafter referred to as “CMPA”, agrees to recognize NABET 700-M UNIFOR hereinafter referred to as “The Union”, as the sole and exclusive bargaining agent on a project by project basis as per Appendix A for all Technicians engaged by a Motion Picture or Television production, in the Province of Ontario, working under the terms and conditions of this Agreement, and who work in the classifications listed in Schedule 2. There shall be no sub-contracting or transfer of work from the Union jurisdiction.
- (b) For greater clarity, the CMPA is a trade association of film, television and interactive media Producers. Wherever this Agreement refers to CMPA members or Producers they are one and the same. Wherever this Agreement refers to the CMPA or the Association they are one and the same.
- (c) The CMPA and the Union recognize that any Producer may voluntarily adhere to this Agreement on a non-precedential, project by project basis. Producers who choose to voluntarily adhere to this Agreement will not be prejudiced in any way with respect to any future project or in any legal proceeding before the Ontario Labour Relations Board other than those relevant to such voluntary adherence.
- 1.2 The Union will supply the CMPA and any of its members signatory to this Agreement with a current list of Union members. Signatory Producers will give Union members first opportunity of engagement before calling for other Technicians, provided such member can perform the duties required and are available for the complete time required. Prior to engaging a non-member Technician the Producer agrees to adhere to the procedures as outlined in Article 1.4 herein.
- 1.3 Should the Union be unable to supply the Producer with personnel in any specific instance as required in Article 1.2, the Producer shall be at liberty to make such arrangements, for that specific instance, as it deems necessary subject to procedures as outlined in Article 1.4 herein. However, all persons engaged by the Producer shall be covered by all provisions of this Agreement and accordingly shall be required to pay the Union dues/permit fees as prescribed in Article 3.1.
- 1.4 When the Union is unable to provide a qualified Technician for a specific position, prior to engaging a non-member, whether locally or from out of Province/Country, the Producer will submit to the Union in writing a permit request in the form of Appendix E attached. The Union will be allowed a minimum of forty-eight (48) hours in which to verify no qualified member is available for such position. Should an accredited Union member be available, the Producer must justify to the Union's satisfaction that such person is not appropriate for the job.
- 1.5 The Producer will provide the Union with a list of all Technicians engaged on a production on a weekly basis.
- 1.6 The CMPA and the Union agree to negotiate for rates of pay with respect to any new Technician whose classification(s) and rate(s) of pay are not already defined under the terms of this Agreement.
- 1.7 The Union shall not enter into separate negotiations or collective agreements with any member Producer.
- 1.8 Notwithstanding the requirements of Article 1.7 above, the Union may, on a project-by-project basis, amend the terms and conditions of this Collective Agreement with any Producer including multi-production arrangements provided that the CMPA is notified of any arrangements immediately upon completion of such.
- 1.9 Except by prior agreement with the Union, the CMPA shall not enter into any agreement with any technical union on aggregate terms which are more favorable than those set out in this Agreement.

- 1.10 The signatory Producer may request certain modifications to the terms and conditions contained in this Agreement that are specific to the production. Any request(s) must be in writing and submitted to the Union prior to the commencement of principal photography. The Union agrees to consider the request(s) for modifications and will make reasonable efforts to respond to the Producer within three (3) business days of receipt of the request(s). Any such agreement shall be by Letter of Understanding with a copy to the Producer and the CMA and may be for one (1) production, for a type of production or for a specific period of time.
- 1.11 Where the Union or the CMA wishes to enter into negotiations to modify this Agreement with respect to alternate production centres, the parties will meet to negotiate and bargain, in good faith, modification to this Agreement applicable to such locations.

ARTICLE 2 PRODUCER RIGHTS

- 2.1 Except to the extent specifically modified by this Agreement, all rights of management are reserved by the Producer. The rights reserved to the Producer herein are subject to the provisions of this Agreement and shall be exercised in a manner consistent with them. The Producer shall exercise its rights in a manner that is correct, fair and reasonable. Without limitation, the Producer's rights shall include:
- (a) the right to maintain efficiency and order, and to discipline and discharge Technicians in accordance with this Agreement; and
 - (b) the right to select, engage, classify and lay-off Technicians; the right to establish the methods and means of production, including determining qualification of Technicians, the hours and dates the Technicians are required; and the location and standards of performance; methods used to ensure security of the Producer's property; however, the Producer shall not demote Technicians as a disciplinary measure nor require any Technician to retire on the grounds of age.

The Producer has the right to make and publish rules that are reasonable provided they are not inconsistent with this Agreement or any laws of any jurisdiction in which work is done under this Agreement. Any Producer's rules that are not included in the deal memo will be provided to the Union.

ARTICLE 3 UNION RIGHTS

3.1 DUES CHECK-OFF

- (a) The Producer shall deduct working dues, as levied by the Union, from the pay of all Technicians engaged by the Producer, who are members of the Union. When remitting such dues the Producer shall name the Technicians from whom such deductions have been made and indicate the respective amounts deducted. Said deductions shall be sent to the Local Union office in Toronto, Ontario.

- (d) The Union may amend the dues percentage or maximum, in which case deductions and remittances shall be made in accordance with such alterations, provided that the Union bears sole responsibility for obtaining the Technicians' authorization for such change. The Union agrees to assume liability for and to indemnify and hold harmless the Producer from and against any and all claims, actions, suits, costs, liabilities, judgements, obligations, losses, penalties, expenses (including, without limitation, legal fees and expenses), and damages of any kind or nature whatsoever imposed upon, incurred by, or asserted against the Producer as a result of or arising directly or indirectly out of the Producer's making and remitting such dues.

3.2 SECURITY FOR WAGES

- (a) As security against wages, permit fees and/or any other financial liabilities, the Producer shall provide the Union with an amount not less than forty thousand dollars (\$40,000.00) and not more than the approximate equivalent of two (2) weeks payroll for all Technicians engaged within the categories listed in Schedule 2 herein. The Union shall hold such monies in a financially responsible manner. Such guarantee shall remain in place until the Producer or any subsidiaries of the Producer have fulfilled all financial liabilities to the Union and its members. Twenty-five percent (25%) of such guarantee must be posted with the Union prior to the completion of the first week of work of Technicians with the balance of such guarantee to be posted not later than three (3) calendar weeks prior to commencement of principal photography of any production operating according to the terms and conditions of this agreement. The Union shall return such guarantee or any unclaimed portion thereof, within thirty (30) days of the Union receiving and satisfying itself that the Producer has met all financial obligations as above.
- (b) Notwithstanding Article 3.2 (a) above, as security against wages, permit fees and/or any other financial liabilities, Producers listed in Appendix B may provide the Union with either of the following:

Upon thirty (30) days written notice to a specific Producer and the CMPA, with reason given the Union may at its discretion remove such Producer from Appendix B. Throughout the life of this agreement the CMPA and the Union may agree to add Producers to Appendix B. Where applicable, the Union shall return such guarantee or any unclaimed portion thereof, within thirty (30) days of the Union receiving and satisfying itself that the Producer has met all financial obligations as above. In the case of a dispute as to payment, the Union may retain the equivalent of the amount in the dispute until the matter is resolved.

- 3.3 It shall not be considered a breach of this Agreement for the Union to withhold services of Technicians in those circumstances where the security outlined in Article 3.2 (a) or (b) has not been provided by a Producer prior to the first day of principal photography.

3.4 UNION REPRESENTATION

The crew or the Union will designate crew representatives on each specific production. The crew representative who has completed the Union's Crew Rep Training Program, or who has enrolled in such program, shall have one dollar (\$1.00) added to their basic hourly rate.

3.7 **UNION ACCESS TO PREMISES**

The Producer shall permit authorized Union representatives access to all working areas of the Producer's operations which are within the jurisdiction of the Union. Such access will not delay or disrupt production.

ARTICLE 4

NON-DISCRIMINATION, VIOLENCE AND HARASSMENT

4.1 The Producer will not discriminate against any Technicians for anything said, written or done in furtherance of the policies and aims of the Union provided that such communication does not constitute insubordination. Neither the Union nor the Producer will discriminate against any technician because of race, ancestry, colour, ethnic origin, citizenship, creed, disability, sex, sexual orientation, gender identity, gender expression, age, marital status, family status or record of offenses.

4.2 The Producer shall maintain a working environment which is free from sexual, racial and personal harassment. Harassment is any course of vexatious conduct or comment against a worker in the workplace that is known, or ought reasonably to be known, to be unwelcome.

4.3 In accordance with Provincial legislation, Producers are required to have a workplace violence and harassment policy and ensure Technicians are educated on its existence and content. The policy is required to contain definitions of harassment, a procedure for reporting incidents and a procedure for investigating incidents.

4.4 The parties endorse the use of progressive discipline as an alternative to termination, in accordance with Article 7.1.

4.5 The Producer shall make best efforts to train all Technicians covered by this Agreement on its workplace violence and harassment policy and program on or about the first day of principal photography. Where the Producer has an equity, diversity, and inclusion policy, the Producer shall provide the policy to all Technicians covered by this Agreement.

4.6 Prior to the Producer commencing a formal investigation with respect to a claim of harassment or violence in the workplace, the Producer agrees to notify any Technician who is a claimant, respondent and/or witness with respect to the claim of their right to Union representation. The Union shall not obstruct the investigatory process or the timing thereof.

ARTICLE 5 NO STRIKE

- 5.1 There shall be no strikes or lockouts during the term of this Agreement.

ARTICLE 6 GRIEVANCE PROCEDURE

- 6.1 The Union acknowledges the principle of “work now and grieve later” and as such the existence of a grievance or dispute will not disrupt production.
- 6.2 In the event that any grievance or dispute should arise between the CMPA and the Union, or between the Producer and the Union or between the Producer and any Technician under this Agreement, concerning the interpretation or violation of this Agreement, it shall be considered a grievance and shall be settled in accordance with the following procedures. The grieving party shall have thirty (30) days from the date on which the party becomes aware, or ought to have become aware, of the act or omission giving rise to the dispute to initiate a grievance. In order to be deemed a grievance, the dispute must be submitted in writing to the other parties within the allotted thirty (30) day time period.
- 6.3 The grievance shall be discussed by the Producer, or the Producer’s duly authorized representative, the CMPA and a representative of the Union within five (5) working days after the grievance has been brought to the attention of the Producer. When any Technician is called upon to attend a meeting endeavoring to settle such dispute or disagreement, it is understood that during this period the Technician will not suffer the loss of their normal wage.
- 6.4 In the event that the representative of the Producer or the CMPA and the Union cannot reach an agreement, the dispute may, by written notice of any party to the other party, be submitted to final and binding arbitration. Such notice must be made within ten (10) days (or in the case of payroll disputes within ninety (90) days) of the facts giving rise to the dispute coming to the attention of the aggrieved party, or the matter shall be considered resolved. The parties, who shall include the CMPA, the Producer and the Union, shall within ten (10) days of the sending of the notice requesting arbitration select a mutually acceptable arbitrator. If the parties are unable to agree on the selection of an arbitrator within these ten (10) days, the Provincial Minister of Labour shall be requested to appoint the arbitrator.

The cost and/or expenses of such arbitration shall be borne equally by the Producer or CMPA and the Union, except that no party shall be obligated to pay the cost of a stenographic transcript without express consent of the other party.

The final written decision or award of the arbitrator shall be made as soon as practicable after submission of the grievance or dispute to the arbitrator. The parties agree that such final decision or award shall be binding on each of the parties to this Agreement, and they will comply within five (5) days of the arbitration award subject to such decisions, rules or regulations as any Provincial agency having jurisdiction may impose. Each party hereto will bear its own expense in carrying out the provisions of this Article and the aggrieved parties will share equally in the expenses of the third-party arbitrator.

In no event shall the arbitrator modify or amend any provision of this Agreement. In determining any grievance arising out of discharge or other discipline, the arbitrator may dispose of the claim by affirming the Producer’s actions and dismissing the grievance or by setting aside the disciplinary action involved with or without compensation and such other manner as may in the opinion of the arbitrator be justified.

- 6.5 If either the Union or CMPA considers that this Agreement is being misunderstood, misinterpreted or violated in any respect by the other party, the matter will be put in the form of a policy grievance and discussed between representatives of the CMPA and the Union. If not satisfactorily settled

within thirty (30) days of the matter first coming to the attention of the aggrieved party, either party may refer the matter to arbitration as a policy grievance in accordance with Article 6.4. A matter not referred to arbitration in this time shall be considered resolved.

- 6.6 Any time limits prescribed in this article may be extended by mutual agreement of the parties to the grievance.

ARTICLE 7 DISMISSALS

- 7.1 The Producer shall have the right to terminate a Technician's engagement for just and sufficient cause, provided that the Technician shall be replaced by another qualified Union member. The Union shall be given notice promptly in writing of such action and the reason(s) for such action. If the Union believes such action to be unjustified the matter shall be considered a grievance and shall be handled as per Article 6. In no event shall any such action result in shortening the total crew workforce. The parties agree that the principles of progressive discipline shall be utilized when appropriate.
- 7.2 The Producer, when requested by the Union, shall be required to state their various reasons in writing when refusing to utilize the services of an available Technician who is qualified in the requested category.
- 7.3 Any Technician engaged on a weekly basis, shall provide the Producer with at least one (1) week's written notice prior to terminating their engagement. Similarly, any Technician engaged on a weekly basis shall receive at least one (1) week's written notice, not including an unpaid hiatus period, or one (1) week's pay in lieu of notice, should such engagement be terminated, without just cause, prior to the agreed terminal date. Any Technician engaged on a weekly basis who has been engaged on a production in excess of sixty (60) days shall provide the Producer with at least two (2) weeks written notice prior to terminating the engagement. A Producer may terminate a Technician engaged on a weekly basis who has been engaged in a production in excess of sixty (60) days by providing at least two (2) weeks notice, not including an unpaid hiatus period, or two (2) weeks pay in lieu of notice should such engagement be terminated, without just cause, prior to the agreed terminal date. A copy of all written notices outlined in this Article shall also be provided to the Union at the time such is issued.
- 7.4 Technicians who, without cause, leave a production without providing the required notice will be subject to discipline. Any grievance resulting from the violation of this article shall result in the Union referring the matter directly to its disciplinary process as outlined in the Union's constitution.
- 7.5 If the making of a program is prevented or interrupted by reason of a labour dispute, then the Producer may either cancel work on the program or make suitable arrangement with Union members and the Union to allow for the completion of the program. If the program is canceled, then the Producer shall pay to the Union all remittances and to each Union member all gross remuneration and expenses outstanding to the date of cancellation.
- 7.6 **FORCE MAJEURE**

the minimum guarantee provided for that current week shall be reduced to the extent necessitated by such contingency.

- (b) In such circumstances, the Producer shall furnish a statement in writing to the Union as to the reason for the force majeure. If the Union believes the force majeure declaration to be unjust or unreasonable, it may file a grievance with respect to the declaration under the grievance procedure in Article 6 of this Agreement.

ARTICLE 8

The first meal period shall commence not earlier than the beginning of the fourth (4th) hour and be completed by the end of the seventh (7th) hour, computed from the beginning of the workday.

For productions working in the former Hamilton/Wentworth Incentive Zone, meal penalties will be calculated from the Technician's call time on set. For clarity, travel time from the edge of the studio zone to the location will not form a part of the calculation of when a Technician goes into meal penalty.

- (b) The Producer may call a first meal break of one-half ($\frac{1}{2}$) hour, calculated from the last Technician through the meal line, provided the meal is catered and paid as working time.

12.3 SECOND MEALS

The second meal period shall not be less than thirty (30) minutes and nor more than sixty (60) minutes. In the event that a Technician is working and not wrapping or traveling beyond the first (1st) hour of second (2nd) meal penalty, the Producer shall provide the Technician with reasonable food and a break period of no more than thirty (30) minutes.

- (a) When a Technician is not given a meal period within the time limits required by Articles 12.2 (a) and 12.3, the Technician shall receive in addition to the Technician's regular salary, compensation in an amount equal to one (1) times the Technician's basic hourly rate for each hour worked, with a minimum credit of six (6) minutes, until a meal period is actually received, or until the end of the Technician's work day. Payment shall not exceed three (3) times the basic hourly rate.
- (b) This compensation is to be computed from the beginning of the last hour in which the meal period should have been assigned and extend to the start of the meal period given or until the end of the Technician's work day; or from the end of the meal period given and extend to the end of the first hour in which the meal period should have been assigned.
- (c) Any Technician working away from the shooting crew is responsible for determining their own meal periods. For clarity, such Technician shall not incur meal penalties, without prior approval.

12.5 GRACE PERIOD

The Producer shall have the right to complete a shot in progress to a maximum of twelve (12) minutes into the meal period without incurring meal penalty, provided that the set up or shot was commenced within a reasonable period in advance of the required meal period, and provided that a minimum one (1) hour meal break, or, one-half ($\frac{1}{2}$) hour meal break as defined in this Agreement, is still provided. If the Union, or its designated crew representative, feels that this privilege is being abused or regularly scheduled, and upon consultation with the Producer and the CMPA, the Union reserves the right, without prejudice, to reduce grace to three (3) occasions per week. Any grace period granted under this provision shall apply equally to all Technicians, regardless of whether they are already in meal penalty or not.

12.6 MEALS IN TOWN

The Producer shall:

- (a) At its own expense furnish the Technicians with an appropriate hot meal, of equivalent value to the allowances provided in Article 9.7 (h). The Producer shall use best efforts to supply meals within a reasonable walking distance from set. In the event Technicians are shuttled to the location of lunch or an area to get food, travel time shall be applicable and calculated in six (6) minute increments.

ARTICLE 13

HEALTH AND SAFETY

- 13.1 It shall be the responsibility of the Producer to ensure that optimum safety standards are maintained and that no unsafe equipment, procedures, or practices are allowed on the set or work site. The Union Steward, department heads engaged by the Producer and all Technicians shall co-operate with the Producer to maintain optimum safety procedures at all times.
- 13.2 It shall be the responsibility of the Producer to ensure that a safety meeting is held at the beginning of each work day.
- 13.3 A Technician may refuse at any time to accept work that the Technician considers hazardous without prejudice against said Technician. All hazardous work shall be accepted by Technicians on a voluntary basis only.
- 13.4 Where a job requires special clothing and/or protective gear, (i.e. extremes in cold or hot weather, precipitation, altitude, in or under water, in or around construction work, etc) the Producer will provide the Technicians with such special clothing and/or protective gear.
- 13.5 All Technicians shall be covered by the Workers Safety and Insurance Board of Ontario (or the equivalent in another province, territory or country in which the Producer is based or operating) or its equivalent coverage by a private insurance carrier and the Producer shall bear the full costs of such coverage and shall provide the Union with confirmation that such insurance is in effect.
- 13.6 In no event will sanitary facilities be less than as provided for by Provincial Law.
- 13.7 The Producer, the Union and the Technicians shall comply with their obligations under the Ontario *Occupational Health and Safety Act*.
- 13.8 The Producer shall provide washroom and toilet facilities, and shall make reasonable efforts to include gender neutral facilities, at all sites and locations and shall be maintained on a standard to those required by the Workplace Safety and Insurance Board.
- 13.9 Notwithstanding Article 13.4, the Technician shall supply their own harness when performing high work.
- 13.10 In construction/paint shops there will be at least one (1) Technician trained in basic first aid or equivalent. The Union will train members on an as needed basis so as to ensure the availability of Technicians with such training to signatory productions. For clarity, a Producer shall not be in breach of this Article in the event that the Union is unable to provide a Technician with such training.
- 13.11 On or before the Technician's first day worked the Union shall supply the Producer proof that the Technician has successfully completed the Ontario Ministry of Labour's Health and Safety Awareness training for workers and/or supervisors, as applicable.
- 13.12 The Producer agrees to adhere to the "Safety Guidelines for the Film and Television Industry in Ontario" dated June 2009 ("Safety Guidelines") developed by the Ontario Film and Television Industry Section 21 Advisory Committee in conjunction with the Ontario Ministry of Labour. These Safety Guidelines as they now exist or as they may hereafter be amended shall be deemed to be incorporated, as if set forth in full in writing, into this Agreement.

ARTICLE 14

HOURS AND SCHEDULING OF WORK

14.1 SCHEDULING

- (a) The Producer shall endeavor to notify the Union as early as possible, in advance of the starting time for daily calls, and the Union will reply giving names of personnel to fill such calls before the required starting time.
- (b) A list of all personnel working on the production shall be submitted to the Union before the first day of principal photography.

14.2 STANDARD WORK CALL

A standard work call shall mean the hours scheduled and/or assigned to a Technician during a day, with a minimum credit of nine (9) hours at straight time, calculated to the end of the last six (6) minutes in which work was performed. The work call shall be calculated by totaling the number of hours between the time a Technician reports for work and the time of completion of the Technician's call, less meal periods received. If the work call extends beyond midnight it shall be considered as falling wholly within the calendar day in which it starts. All overtime and premiums shall be calculated in six (6) minute increments.

A four (4) hour call may be scheduled, to begin anytime between 0700 hours and 2300 hours for dailies only, to be paid at time and one-half (1½) the basic hourly rate. Any additional hours assigned shall be paid at two (2) times the basic hourly rate calculated to the end of the last hour in which work was performed up to a total of eleven (11) hours, increasing by one (1) times the basic hourly rate every four (4) hours thereafter. A four (4) hour call may not be scheduled when working outside the zone.

The Producer shall comply with its obligations, as applicable, under the disconnecting from work provisions under the Ontario *Employment Standards Act*.

14.3 STANDARD WORKWEEK

The standard workweek shall commence at 12:01 am of any day of the week and end at midnight on the seventh day thereafter and shall consist of five (5) consecutive regular nine (9) hour days totaling forty-five (45) hours and then two (2) consecutive days off which shall be computed according to the applicable schedule in Article 14.7. For the purpose of establishing sixth (6th) and seventh (7th) days, the Producer must define the production workweek. The production may have more than one workweek on a departmental basis. Once established, that work week will apply to Technicians within said departments.

The Producer may schedule a work week for individual Technicians that is different from the work week established pursuant to Article 14.3 above for departments such as set decoration, construction and paint, if the Producer is able to demonstrate to the Union that it is reasonable in the circumstances and if the consent of the Union is obtained in writing at least five (5) days prior to the change in the work week. The establishment of a different work week shall not deprive the affected Technician of any benefits and rights provided for in this Agreement nor shall it deprive the Technician of any days off, turnaround period or overtime.

14.4 SHIFTING THE WORKWEEK

Once every three (3) prep and/or shooting weeks, or more frequently where agreed by the Union and Producer, the Producer may shift the work week by doing either or both of the following without incurring penalty:

- (a) shift the work week forward by adding one (1) or two (2) additional days off from the regular work week and begin the shifted work week on the following day.

- (b) shift the work week back:
 - (i) by one (1) day, by changing the seventh (7th) day of the regular work week to the first (1st) day of the shifted work week, provided that the sixth (6th) day of the regular work week is a day off and the thirty-four (34) hour rest period applies, or
 - (ii) by two (2) days, by making the preceding work week a pro-rated four (4) day work week, giving the fifth (5th) day off, and making the sixth (6th) day the first (1st) day of the shifted work week, provided that the thirty-four (34) hour rest period applies.
- (c) Technicians and the Union shall be given no less than three (3) working days advance notice of the shift. In no event may the Producer shift the work week to avoid paying for an unworked holiday.
- (d) Upon two (2) weeks written notice to the Union the work week may be changed from the last week of prep to the first week of principal photography provided that Technicians receive one (1) day off.
- (e) In all of the above scenarios, when a Technician is approved to work on the one (1) day off, then this day shall be considered a seventh (7th) day. Day one (1) of principal photography would be day one (1) of the work week.

14.5 **HIATUS**

- (a) The Producer shall be entitled to impose a maximum hiatus period equal to one (1) week for each six (6) weeks of the production period, provided that the Producer gives fourteen (14) calendar days written notice of the hiatus to the Union and each Technician subject to events of force majeure.
- (b) Hiatus means a planned, unpaid stoppage of work for a period of three (3) or more work days.
- (c) A hiatus of less than one (1) week will not be imposed for the purpose of avoiding payment for holidays.
- (d) The three (3) statutory holidays at Christmas are not worked/not paid except where the Christmas break is ten (10) or fewer consecutive days. Pre-scheduled breaks, such as a Christmas break do not constitute a hiatus period.
- (e) For the purposes of this Article, the production period will be calculated from the earlier of the date on which the Voluntary Recognition Agreement is signed or the date the first Technician is engaged under this Agreement.
- (f) Any Technician who is required by the Producer to work during the hiatus period, and who does not receive written notice of such requirement at least fourteen (14) calendar days prior to the start of the hiatus, will be paid at a minimum of one and one-fifth (1 1/5) times the basic hourly rate. A copy of this notice will also be provided to the Union at the same time it is issued to the Technician.

14.6 **OVERTIME COMPUTATION**

The tenth (10th), eleventh (11th) and twelfth (12th) hours shall be paid at the rate of one and one-half (1½) times the basic hourly rate. The thirteenth (13th) and fourteenth (14th) hours shall be calculated at two (2) times the basic hourly rate. The fifteenth (15th) hour and all time worked thereafter shall be calculated at three (3) times the basic hourly rate.

14.9 TURNAROUND

There shall be at least a ten (10) hour rest period between the wrap of one call and the beginning of the next call, known as turnaround. All time worked and any meal period that encroaches on the turnaround period shall be paid at one (1) times the basic hourly rate in addition to any other payments received under this Agreement. Over a one-day off period, the turnaround must be twenty-four (24) hours plus ten (10) hours (totaling thirty-four (34) hours). Over a two-day off period, the turnaround must be forty-eight (48) hours in addition to six (6) hours (totaling fifty-four (54) hours).

On two (2) occasions per six (6) week production period, and with notice provided by the end of the third (3rd) day of the work week to the Technicians and the Union, the Producer may reduce the weekend turnaround, as follows:

- (i) over a two (2) day off period by two (2) hours (i.e. turnaround shall be fifty-two (52) hours);
- (ii) over a three (3) day off period by two (2) hours (i.e. turnaround shall be seventy-six (76) hours);
- (iii) over a four (4) day off period by two (2) hours (i.e. turnaround shall be one hundred (100) hours).

Once notice of a reduced weekend turnaround is given it cannot be rescinded. There will be no variance on weekend turnaround, nor are the occasions of reduced weekend turnaround cumulative. Additionally, production will not implement consecutive weekends of reduced weekend turnaround, nor will weekend turnaround be reduced on a one (1) day off (twenty-four (24) and ten (10)) weekend when the one (1) day off is a result of working a sixth (6th) day or as a

result of a work week shift.

When one (1) legal holiday falls within days off, the turnaround period shall be seventy-two (72) hours in addition to six (6) hours (totaling seventy-eight (78) hours). When two (2) holidays fall with days off, the turnaround period shall be ninety-six (96) hours in addition to six (6) hours (totaling one hundred and two (102) hours).

On occasions when Technicians are required to work at a Nearby Location, the provisions of Article 9.7 shall apply.

14.10 WORKING IN A HIGHER CLASSIFICATION

No Technician shall be required to perform the duties of a higher rated classification without first being upgraded. If a Technician (key or second) is away from set during work hours, the Technician must be replaced by a Technician upgraded to the Technician's status. The upgrade will be in effect only for time worked in the higher rated classification.

14.11 CANCELLATION OF WORK CALLS

- (a) A Technician engaged for a daily work call, shall be paid for the hours booked, unless the Technician received notification of the cancellation or change in schedule no later than twelve (12) hours prior to the work call, ten (10) hours if due to adverse weather conditions. A work day cancelled without proper notice cannot be defined as a day off for the calculation of sixth (6th) and seventh (7th) days.
- (b) Should the Technician find it necessary to cancel a commitment for work the Technician shall notify the Producer by 1:00 p.m. of the day prior to the work call wherever possible. In such event, another qualified Union member shall fill the position, if available.

14.12 If the Producer requires a Technician to attend the screening of rushes, pre-production meeting, surveys, and/ or auditions, such time will be considered working time.

14.13 In the event that a Technician is taken ill during the work day and is unable to complete the day's work, the Producer agrees to pay the Technician for four (4) hours at straight time for that day, or pay for the time worked, calculated in thirty (30) minute increments, whichever is greater.

In the event that a Technician is taken ill during the work day and an additional Technician is brought in to replace the ill Technician, the "replacement" Technician's day shall commence at the time they arrive on set or at the location.

14.14 TRIPLE TIME CAP

At no time will a Technician's wages, including overtime, turnaround and meal provisions, or any other provision herein, exceed three (3) times the basic hourly rate.

14.15 If any Technician suffers an injury or any illness after the engagement commences, which prevents the Technician from performing duties, the Producer shall pay the Technician's contracted compensation for one (1) day of injury or illness per twelve (12) week period of engagement. The Technician shall report any illness or injury to the Producer as soon as possible so adequate replacement may be made, if necessary. For clarity, all unused paid sick days shall be eliminated at the conclusion of the Technician's engagement and shall not be carried over or paid out to the Technician.

ARTICLE 15 GENERAL WAGE PROVISIONS

15.1 THE ACCOUNTING WEEK

The accounting week shall be from 12:01 a.m. of the first (1st) day of the workweek to 12 midnight of the seventh (7th) day of the workweek and shall include all wages, overtime, penalties, premiums, benefits and expenses accruing to the Technician.

15.2 Each Technician shall be paid for any work performed no later than the fifth (5th) day in the week following the week in which the hours were worked.

(a) In the event of late payment by the Producer, a penalty of two percent (2%) per day of the gross wages shall be paid to the Technician and such penalty shall be added to the next weeks' wages, or if none, by separate payment. In the case of a missing cheque, the penalty will commence forty-eight (48) hours after the Producer has been notified of the missing cheque. This provision shall not apply in the following circumstances:

- (i) Where the Producer has filed with the Union a bona fide dispute relating to the wages payable; or
- (ii) Where normal methods of payment are interrupted (e.g. computer server malfunctions, mail strikes, power outages, etc.).

(b) In circumstances where the payment occurs by a Producer listed on Appendix B, the penalty described in paragraph (a) shall be waived provided that payroll is made no later than Wednesday of the following week.

15.3 The Producer shall make and remit the appropriate deductions from the individual Technician's pay and shall make contributions to the Canada Pension Plan, etc., as required by law. The aforementioned payments will not be required where the Technician has an established loan-out company providing direct payments on their behalf to C.P.P, E.I.

15.4 Time and pay records will be made available upon request to the Union by the Producer and each Technician shall keep their own time records and will be responsible for recording their hours worked and all other reimbursements thereon, however should the Technician fail to record all payments due, the Producer shall make every reasonable effort to make such adjustments on the time card. Department heads engaged by the Producer must sign all time cards.

ARTICLE 16 WAGES AND CATEGORIES

16.1 The rates enumerated in Schedule 2 attached hereto are minimum rates and nothing in this Agreement shall prevent the Producer from paying Technicians higher than these minimum rates, nor shall Technicians be required to accept engagement for the minimum rates.

16.2 Notwithstanding anything to the contrary in this Agreement it is understood and agreed that whenever rates higher than the basic minimum rates are mutually agreed to between the Producer and a Technician, then in all instances wherein the term basic minimum rates appears it shall be deemed to be replaced by the higher rate.

16.3 The rates enumerated in Schedule 2 shall be paid in accordance with the calendar year unless the majority of production has been completed prior to January 1st of the upcoming year.

16.4 DEAL MEMORANDUM

A deal memorandum, as set out in Appendix D, shall be the contract entered into between the Producer and a Technician or a Technician's personal management corporation or loan-out

company through whom the Technician agrees directly or indirectly to provide their work or services for the Producer on the production. The deal memorandum must in no way provide for less than is provided for in this Agreement.

- 16.5 The Producer shall give one duly executed and fully completed copy of the deal memorandum to the Technician when the contract is signed and shall forward within a week of signature one (1) copy to the Union office. Such deal memorandum will be kept confidential.
- 16.6 On or before their first day worked on a production, a Technician shall provide Canadian and Provincial residency information sufficient to ensure that the Producer is eligible to receive applicable federal and provincial incentives including tax credits and grants. Such information shall be held in compliance with all applicable privacy legislation and shall be kept confidential, except to the extent necessary to obtain applicable federal and provincial incentives.

The Producer shall provide the Union with its particular residency documentation requirements, and shall notify the Union in the event of any changes to these requirements.

The residency documentation required by the Producer may include, but is not limited to:

- (a) A declaration of residency, including Canadian citizenship or permanent residence status;
- (b) A Canadian Provincial Driver's License or Canadian Provincial Identification Document or Card;
- (c) CAVCO Personnel Identification; and
- (d) One or more of the following documents:
 - (i) Notice of Assessment;
 - (ii) Letter from the CRA giving an opinion on the Technician's residency status;
 - (iii) Mortgage, rental or lease agreement with rent receipts;
 - (iv) Copy of the last income tax return filed in the Technician's country of origin and/or documents filed with the foreign tax authority in which the Technician has declared they are no longer resident;
 - (v) Utility bills;
 - (vi) Property tax notice;
 - (vii) Motor vehicle registration;
 - (viii) Documents evincing membership in a professional association or union in Canada; and
 - (ix) Statement of accounts from a Canadian branch of a financial institution.

Technicians engaged through a Loan-Out Corporation may also be asked to provide to the Producer the Loan-Out Corporation's most recent Notice of Assessment and the most recent Schedule 50 indicating whether the Loan-Out Corporation has single or multiple shareholders. Newly-formed Loan-Out Corporations that have not yet filed tax returns may be asked to provide a Shareholder Register.

The Producer may require any additional or alternative documents approved or required by any relevant taxing authority to determine eligibility for tax credits and grants without any need for further negotiation.

Should the Technician fail to furnish appropriate residency information consistent with this Article 16.6, the Technician shall have ten (10) business days within which to provide the required information to the Producer. Should the Technician fail to do so within that time period, the Producer may terminate that Technician for just and reasonable cause pursuant to Article 7.1.

- 16.7 The Producer agrees that, if the individual production covered by this Agreement, is moved or otherwise transferred to a location outside the geographic area of the bargaining unit, this Agreement shall thereupon also be applicable at the new location.

Notwithstanding the foregoing, a production which moves outside the jurisdiction of the Union following the completion of a season shall not be required to continue to adhere to the terms of this Agreement or any Voluntary Recognition Agreement entered into as between the Producer and the Union.

- 16.8 Prior to the first day of principal photography, the Producer shall provide an executed copy of Appendix G along with a top sheet of the full production budget and have same delivered to the NABET 700-M UNIFOR business office. The Union shall provide a copy of the same, along with a copy of the Voluntary Recognition Agreement to the CMPA. Copies of the Budget Certification provided to the Union and the CMPA are to be strictly confidential between the Producer, the Union and the CMPA. The information contained in this document is not to be released by the Union or the CMPA to any other persons, without the Producer's express written consent.

ARTICLE 17

CORPORATE GUARANTEE

RE: *

This letter is to set out their terms of an agreement reached between _____
("the Company") and NABET 700-M UNIFOR ("the Union"). This agreement applies to the production
presently entitled _____ ("the Production") to be produced by
_____ ("the Producer").

In consideration of the Union waiving the posting of a performance bond by Producer for the Production,
"the Company" guarantees payment to the Union of all present and future debts, liabilities, and obligations
due or owing to the Union from or by Producer in connection with the Production which would normally be
covered by the posting of a performance bond pursuant to the Agreement signed between Producer and
the Union and the amendments thereto.

It is agreed that this is a continuing guarantee and will cover and secure any ultimate balance owing to the
Union in connection with the Production which would normally be covered by the posting of a performance
bond, but the Union is not obliged to exhaust its recourse against Producer before being entitled to payment
by the Company of all and every debt, liability, and obligation of Producer guaranteed herein.

If at any time the Union advises the Company that in its view, in producing the Production, the Producer
has acted in breach of the Agreement between Producer and the Union and/or has not met its obligation
to pay its Technicians engaged with respect to the production as required on a weekly basis, "the
Company" shall be required to immediately post a performance bond equal to two (2) weeks minimum
scale remuneration for each member or permittee engaged by Producer to be held in trust by the Union
for the protection of its members.

This agreement forms an amendment to the Agreement and the amendments thereto signed between the
Union and Producer for the production.

This contract between the Company and the Union will be construed in accordance with the laws of the
Province of Ontario and this contract shall be deemed to have been made in Ontario.
